

Invest in Your Potential

Toastmasters International is a world-wide nonprofit educational organization that helps you improve your leadership, presentation and speaking skills.

Membership in Toastmasters is one of the greatest investments you can make in yourself. It is also one of the most cost-effective skill building tools available anywhere.

The Benefits of a Toastmasters Membership:

- Follow a proven program to cultivate your communication and leadership skills.
- Progress at your own pace within a supportive learning community.
- Laugh with new friends.
- Learn to organize your thoughts and present them clearly.
- Discover how to speak so your audience cares to listen and act.
- Advance quickly with mentoring and constructive feedback.
- Gain access to an abundance of educational resources.

Lynne Bradley-Horan “Toastmasters is a continuous improvement program which results in, for me, confidence. Each time I participate in a meeting or an event, I learn more. I’m more excited about Toastmasters than I was when I joined – nearly 13 years ago!”

Rocky Nichols “Five years ago, a career coach suggested I join a Toastmasters club. My communication skills developed thanks to the support

of my new found friends at Toastmasters. And my leadership skills became a long list of documented experiences. Today, I am the Quality Systems Manager with 160 plus employees. Toastmasters has helped turn my search for success into reality.”

Amy Moored “I had received some less than stellar feedback about my presentation skills. I became a charter member of a new club and began working through the educational manuals. After completing my 7th speech, one of my club members wrote on my evaluation, ‘Great job! The Toastmasters program REALLY works.’”
